Let Kodol

Digest what you eat. Then you can Eat what you like.

You once could eat anything you wanted, and your stomach would digest it. But now there's some things which your stomach won't digest. Your stomach absolutely refuses to accommodate you when you eat certain food—so you have been forced by your stomach to eat food which you detested, and pass up those delicacies that you would have really enjoyed.

There is a way now to eat anything you like, if you will let Kodol digest it.

Kodol will do this, too. It won't talk back or command, but will go right ahead with its work and digest all the food you eat. Kodol will let you eat anything you like and all you want, and you won't suffer with that dull feeling, that fullness, and wish you hadn't eaten so much.

You will not have that heart-burn, which is so annoying at times, if you will let Kodol digest your food a while.

You don't have to use Kodol long—only for a little while—just long enough for your stomach to rest a little. It gets tired sometimes, too—just the same as anybody or

part of your body that works. Kodol will do exactly what your stomach does, when your stomach is well and strong, and more, when it is tired or out of order.

Kodol is composed of exactly the same juices as found in a healthy stomach, and therefore will do the same work as the stomach, when it is well and strong—the only difference is, Kodol never digests today, that will digest all food and do it as completely, as a strong, healthy stomach.

Get a bottle now and have it ready to help your stomach at times when you need an assistant. Kodol is at the nearest drug store.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist a price for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

For Sale at Warner's New Drug Store.
